

### **Change of Annual Meeting Date**

The Annual Meeting of Members, originally scheduled for April 21, will be postponed to a later date to be announced. As the meeting includes the election of Board members, we want to provide ample time for nominations to be received from the general membership. See the announcement below regarding directorships on the Board.

### **Call for Nominations for Board of Directors**

The Board of Directors is responsible for the general direction and control of Parishioners Federal Credit Union. These volunteers come from the general membership of the credit union, as the credit union effectively belongs to its members. A Director must have a working familiarity with basic finance and accounting practices and carry out his or her duties in the best interests of the membership.

Nominations from among the Parishioners FCU membership are being accepted for the two-year term that begins following the next Annual Meeting. This year there are four positions to be elected.

Nominations may be submitted to Mark Marderness, CEO at 310-320-4588, who will forward the information to the Chair of the Nominating Committee for follow up. If you would like to first learn more before making a nomination, you are most welcome to contact Mark and a member of the Nominating Committee will be happy to answer any questions you may have.

Thank you for your interest in the continued success of Parishioners Federal Credit Union as we enter our 61st year of service.
